

OK we might have to admit to liking Garlic, a bit?..

(1) Back = Sprouting bulbs we were given and planted. Good for Salad greens until Autumn. We'll eat or pickle them after that....

(2) Middle Right = Two week old Lacto ? Ferment with Red Onions.

(3) Middle Left = A new ferment - Ready in 4 weeks of so.

(4) Middle Middle = Fermented Garlic when it's done.....

(5) Front = Our next victims!!!!

We have very few friends. Mainly because we stink!
